Description :

PDF-aa97f | Applies complexity science to the study of international politics. Why did some countries transition peacefully from communist rule to political freedom and market economies, while others did not? Why did the United States enjoy a brief moment as the sole remaining superpower, and then lose power and influence across the board? What are the prospects for China, the main challenger to American hege... *Complexity Science and World Affairs (Suny Series, James N. Rosenau Series in Global Politics)*
