Description :

PDF-07335 | This landmark work, first published by Sierra Club Books in 1988, has established itself as a foundational volume in the ecological canon. In it, noted cultural historian Thomas Berry provides nothing less than a new intellectual-ethical framework for the human community by positing planetary well-being as the measure of all human activity. Drawing on the wisdom of Western philosophy, Asian thought... *The Dream of the Earth: Preface by Terry Tempest Williams & Foreword by Brian Swimme*
