Description :

PDF-28093 | An expert investigates Russia's long history of technological invention followed by commercial failure and points to new opportunities to break the pattern. When have you gone into an electronics store, picked up a desirable gadget, and found that it was labeled "Made in Russia"? Probably never. Russia, despite its epic intellectual achievements in music, literature, art, and pure science, is a ne... *Lonely Ideas: Can Russia Compete? (MIT Press)*
